WEBSITE & COMMUNICATIONS MATERIAL REDESIGN

Stay Up To Date On Public Rail Safety

Website and email communications to the public, employees and first responders who have been involved in incidents, educational content, material that we are producing for rail safety Awareness.

Behind The Stats Are Real People

When it comes to rail-related deaths and serious injuries, the numbers do matter.

DISCOVER THE STATISTICS>
OL launched its Rail Safety Ambassador Program in February to recruit new volunteers to help spread the rail safety message in communities and online.

More than 120 presenters and 25 social media Rail Safety Ambassadors have already signed up.
Upcoming Campaigns & Initiatives
COMMUTER SAFETY VR VIDEO

- Partnership with Metrolinx on a commuter-focused VR video

- Video will feature a “two-train” scenario and will be filmed at a Metrolinx station at the end of May

- Video scheduled to be launched later this summer
NEW TRAIN-TO-DRIVE RESOURCES

OL will redevelop these materials as virtual-reality training videos that require viewers to make real-time decisions.

- Campaign will be promoted in 2019 to school boards, driver training companies, and through social media ads.
RAIL SAFETY WEEK 2018 CAMPAIGN – #STOPTrackTragedies
RAIL SAFETY WEEK 2018 CAMPAIGN – #STOPTrackTragedies

- Campaign developed in partnership with OLI in U.S.
- 6 first-person videos (4 filmed in Canada, 2 in U.S.) to tell the personal stories of those affected by railway crossing and trespassing incidents
- One video will be released each day during Rail Safety Week
RAILWAY SUICIDE PREVENTION INITIATIVE

OL is seeking funding from governments, railway and other corporate sponsors for:

- Research to identify locations of concern for railway suicide in Canada
- Installation of suicide-prevention signage on railway rights of way
- Public awareness campaign to promote Canada’s new Suicide Prevention Service
